## **BIO-CLEAN ultra**

Low odour cleaner for use on carpets, upholstery and any hard surfaces where it is safe to use liquids

Contains non-pathogenic bacteria and free enzymes

Suitable for all organic soiling especially: - Urine, feces, blood and vomit. Effective for milk, wine and spilt food

Dual action – Concentrated surfactants to clean the surface combined with biological removal for the deep clean of any residue

Hand and machine cleaning – before use test for colour fastness on an inconspicuous area

### **Directions for use:**

Grease and Stains dilute at 2-3%

Shake bottle well

Soak up any excess solids or liquid spillage

Spray area with enough **BIO-CLEAN** to penetrate the material, wait five minutes then dry off with a paper towel.

Machine cleaning – dilute 15:1 and use as per equipment manufactures instructions.

### Hard surface cleaning

For small areas spray directly onto the surface and wipe off.

Large areas – dilute 1% and apply by mop, leave for five minutes then rinse off.

When used as advised **BIO-CLEAN ultra** is safe for people, animals and the environment
