#### Key Benefits

- ☒ Keeps septic systems working efficiently 365 days a year.
- ☒ Breaks down sewage, fats, oils, and grease into carbon dioxide & water.
- ☒ Prevents blockages and foul odours.
- ☒ Reduces the need for costly tank pump-outs.
- ☒ Safe, biodegradable, and eco-friendly.

#### How it Works

- Selected bacteria digest organic waste, maintaining a healthy septic system.
- Surfactants help break down deposits for improved system efficiency.
- Simple weekly dose ensures continuous protection.

#### Application & Dosage

- 10ml per week – simply flush down the toilet.
-  Avoid bleach & harsh chemicals for best performance.

#### Packaging

250ml & 500ml bottles with pre-measured dosing
